ST75
ST76
Is there inventory according to inventory condition data ?
YES
NO
ST77
Is arrival of commodity fixed according to inventory condition ?
YES
NO
S81
Instruct MFP to print application reception notice
Delivery procedure (send reception notice to advertiser)
S82
Instruct MFP to print out-of-stock notice
ST78
Acquire substitute commodity advertisement ID from item codes
ST79
Print substitute commodity advertisement from MFP
ST80
End

FIG. 23

Dear XXXXX (name of customer) :
Thank you for an application for XXX (name of commodity).
We will deliver the ordered commodity on XX (month) XX (date) to the address below.

〒XXX-XXX
XX City XX-XX
Mr/Ms XX XX

FIG. 25

Dear XXXXX (name of customer) :
Thank you for an application for XXX (name of commodity). Regrettably, XXX is not in stock for its popularity and the date of arrival is not fixed. For your consideration, we would like to provide you with information on YYY (name of commodity) as a substitute commodity.

YYY
A description of YYY ·····
·····
·····
·····

Reception of Order :
An order will easily be received by an eshop by July 13, 2001.
(http://www.eshop.co.jp/YYY/Provisional UserID)
This URL is a dedicated URL with which we will carry out a purchasing procedure for the 'YYY' on behalf of you.

No information on the customer will leak to the eshop.

Please register for the eshop. If a commodity is ordered directly from the URL, the price of the purchased commodity is discounted by 5%.

FIG. 27

Dear XXXXX (name of customer):
